Numeracy Across The Curriculum

Over the course of your Broad General Education you should overtake and progress through a wide variety of Numeracy Experiences and Outcomes.

These Experiences and Outcomes cover eight main areas:

- **Estimation and rounding**
- **Number and number processes**
- **Fractions, decimal fractions and percentages**
- **Money**
- **Time**
- **Measurement**
- **Data and analysis**
- **Ideas of chance and uncertainty**

You should be covering the Experiences and Outcomes in all curricular areas.

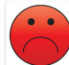

You will use this log to record any tasks that you think could be used as evidence.

Numeracy Skills

- Estimation and rounding
- Number and number processes
- Fractions, decimal fractions and percentages
- Money
- Time
- Measurement
- Analysis of data
- Ideas of chance and uncertainty

Date	Curricular Area (Subject)	Teacher	Details of Task (What did you have to do??)	Skills (Look at page 3)	 I can do this.	 I'm getting there.	 I need help.
