

ST NINIAN'S HIGH SCHOOL

Extra Curricular Programme

2018-2019

Our Values

The values which underpin this vision and which shape our approaches, relationships, policies and behaviour are:

In January 2018, our excellent HMIE Inspection Report stated that our school's 'vision and its values (awareness, focus, creativity, integrity, perseverance and service) permeate the life and work of the school. They are aligned clearly with the Catholic values of the school and are key drivers for change and improvement. This has resulted in highly positive and supportive relationships across the school. All members of the school community work together in a highly effective way. They demonstrate a commitment to the school's conviction that 'we all have more to give'.

It is this commitment that drives much of the work we do and has resulted in a vibrant school community where our pupils and staff have a 'can do' attitude. In order to support this ethos we offer a wide variety of extra-curricular activities to support our learning and teaching. This booklet gives details of some of the activities available to our pupils at the start of term and as the school year progresses there will be many more opportunities for young people to enhance their school experience and their own core values.

Pupils can sign up to these groups at our annual information afternoon, details will be given to pupils in August, as well as speaking to the lead teacher about these opportunities at any time. It is the expectation of the school that pupils will take part in some kind of extra-curricular activity and we would encourage parents/guardians to support us in ensuring that every child is given the opportunity to enhance their school experience. You can keep to date with all of the fantastic activities taking place within our school community by following our twitter @stninianshs.
